- Small operator manuals
- Staff contact info.

Amendment 192-93

*Federal Register /
Vol. 68, No. 178 /
September 15, 2003
Pages 53895 - 53902*

A stylized, layered mountain range graphic in shades of teal and blue, located in the bottom right corner of the slide.

New Definitions

◆ *Customer meter*

means the meter that measures the transfer of gas from an operator to a consumer.

New Definitions

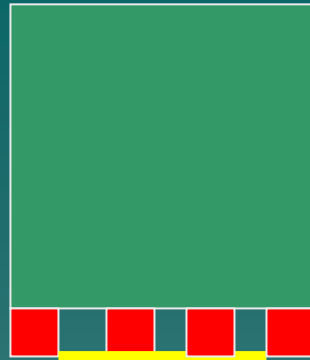

- ◆ ***Service Line*** means a distribution line that transports gas from a common source of supply to an individual customer, to two adjacent or adjoining residential or small commercial customers, or to multiple residential or small commercial customers served through a meter header or manifold.

New Definitions

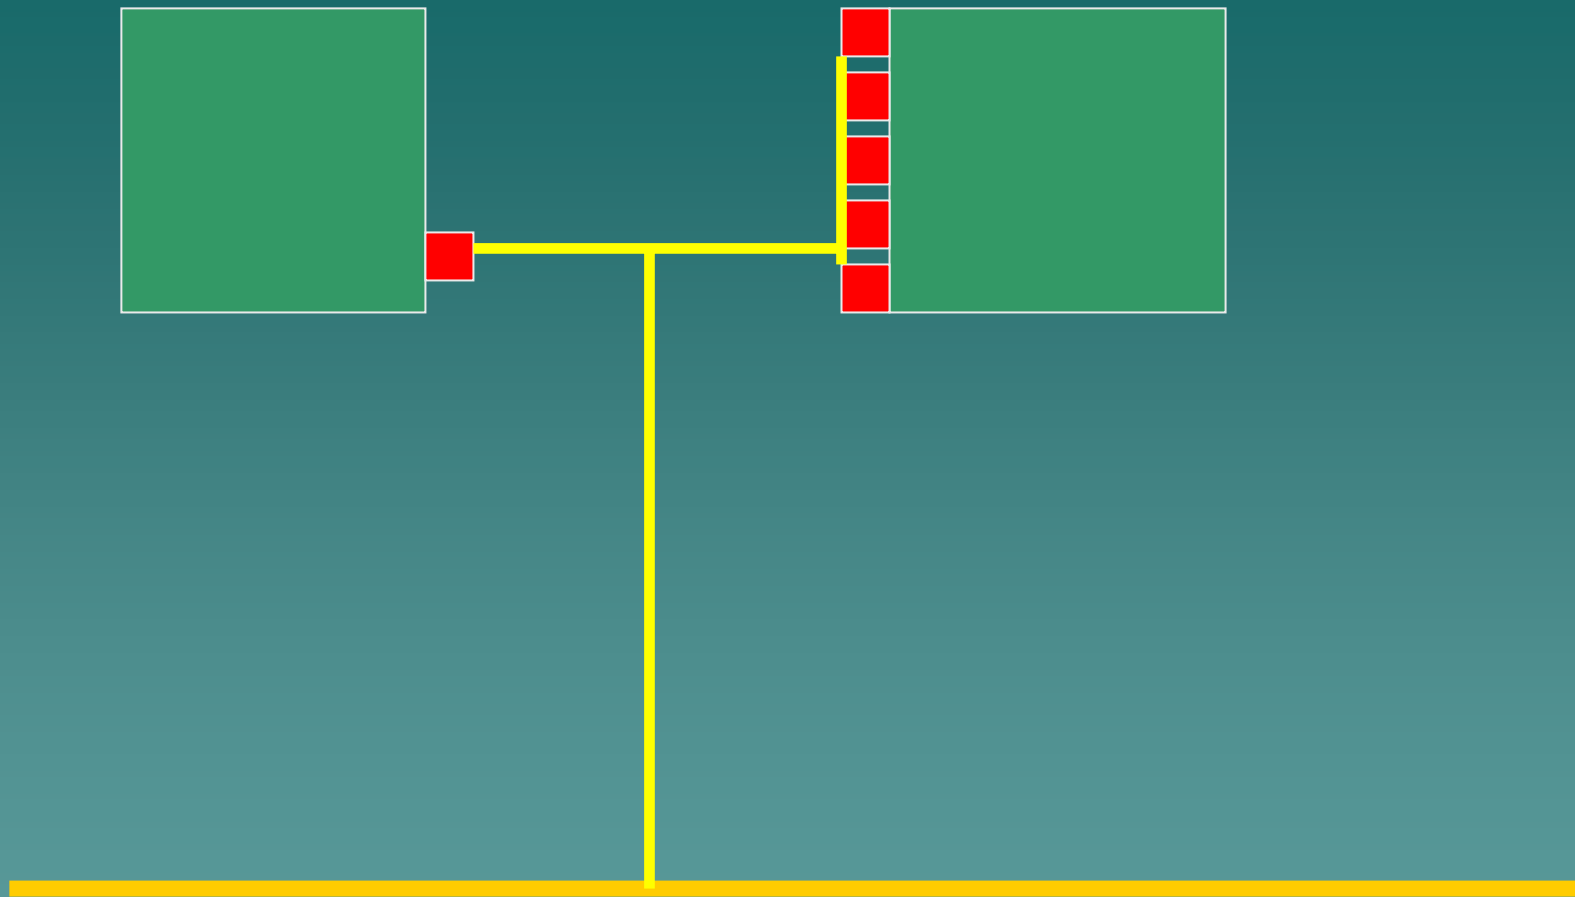

- ◆ Service line *(continued)*
- ◆ A service line ends at the outlet of the customer meter or at the connection to a customer's piping, whichever is further downstream, or at the connection to customer piping if there is no meter.

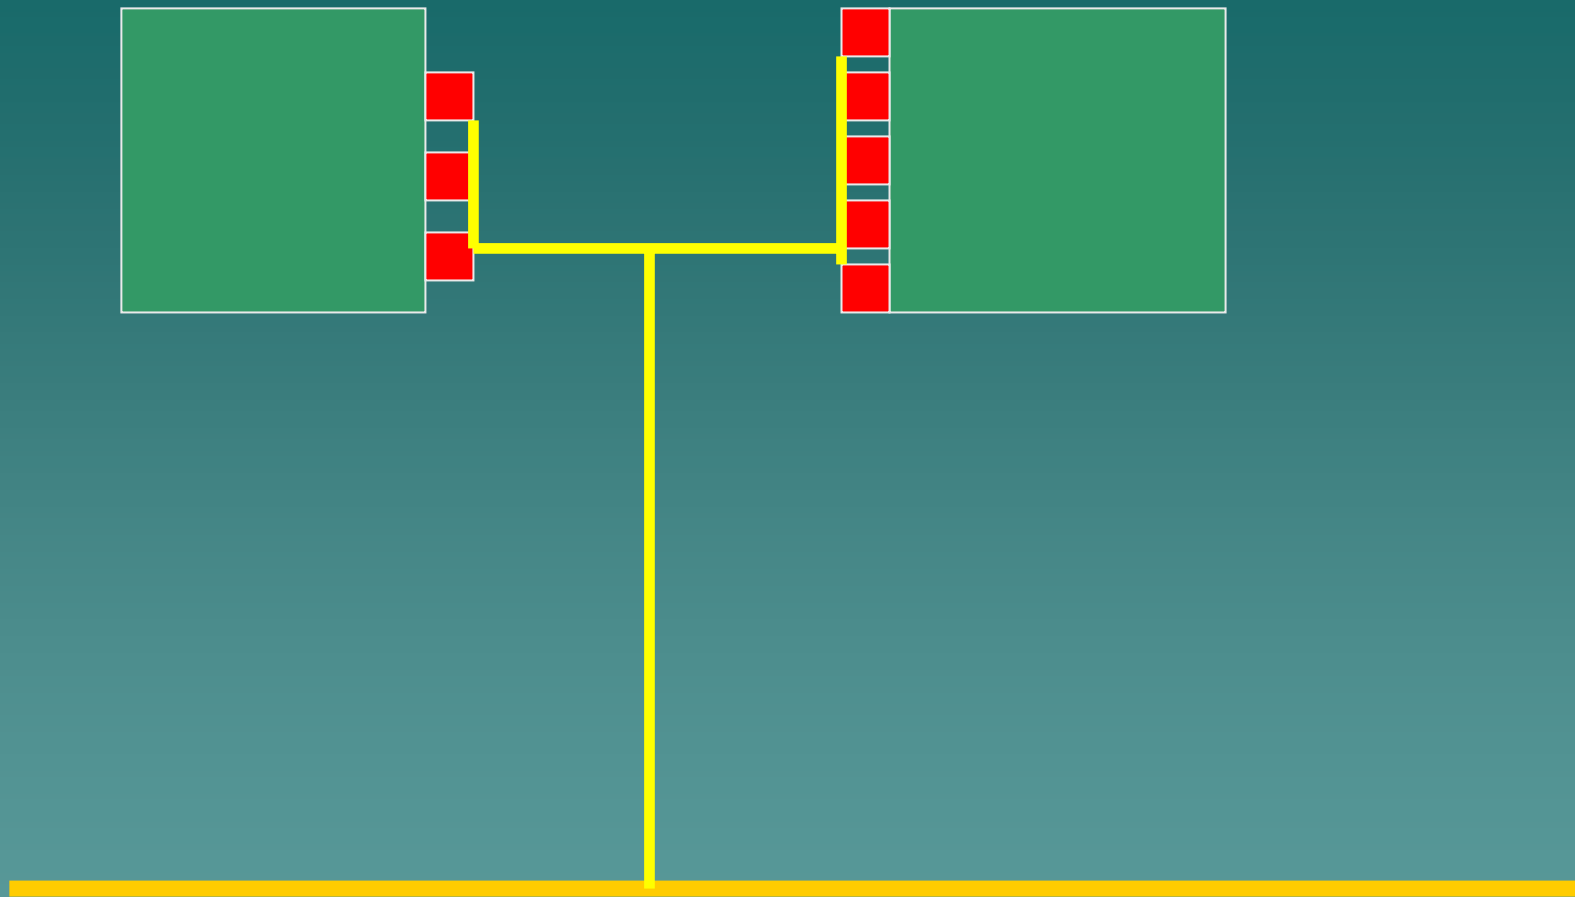

Service Line

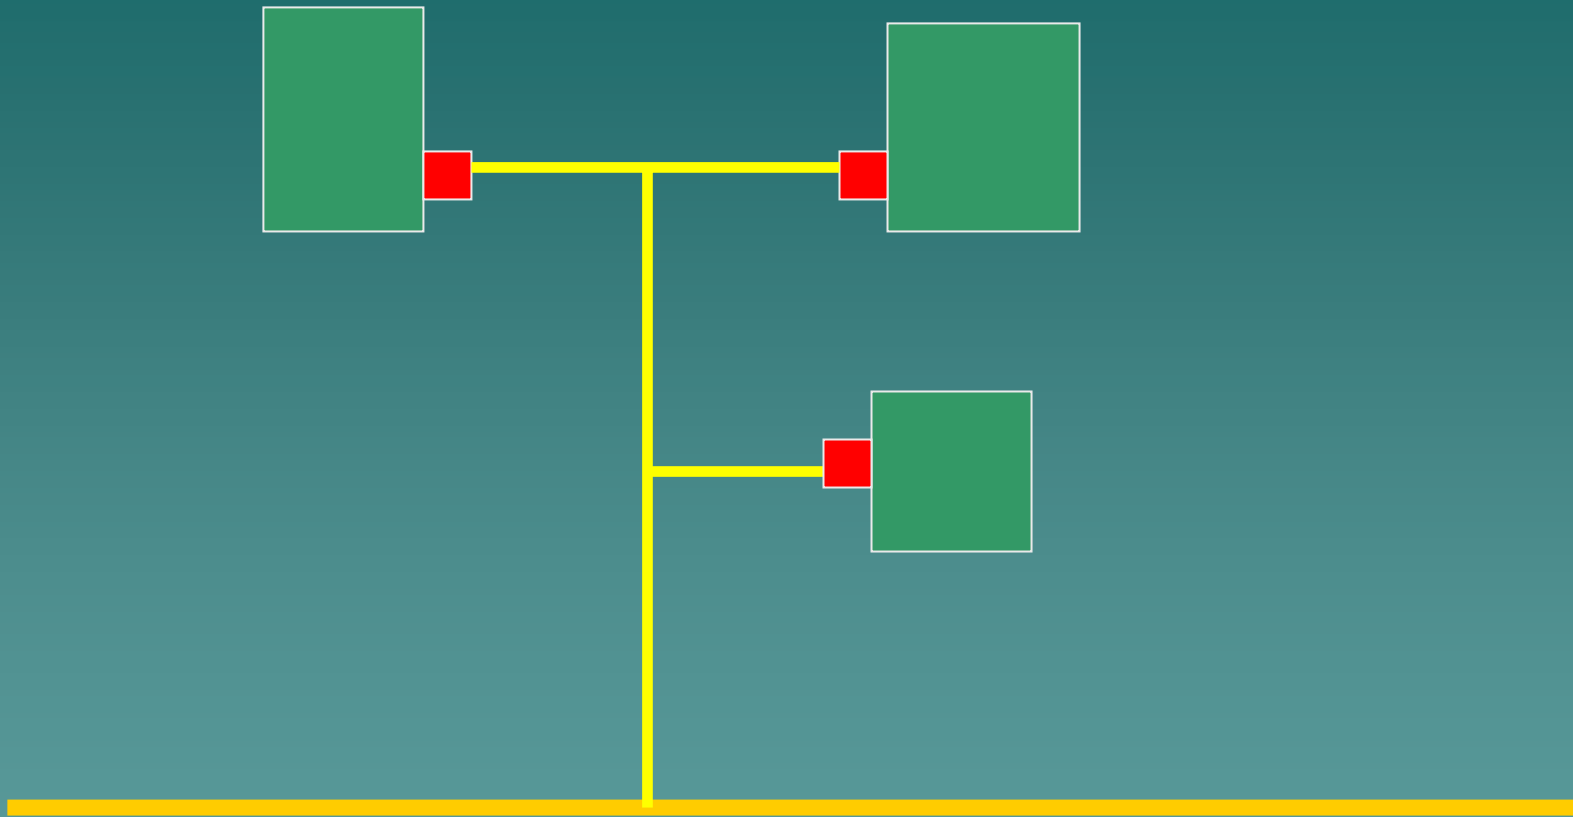

Service Line
